**RAIL  
SOLUTIONS**

## GET BACK ON THE RAILS

Rotobec is known as a worldwide leader in many industries, and the railroad sector is no exception.

Our innovative designs are built for reliability and durability, which is how we have raised the bar through decades of innovation and knowledge to bring you world-class quality. Strength and efficiency are required for reliability to meet time requirements, we have your back when it comes to moving railroad ties.

Each component of our products is designed and manufactured in our production facilities in Sainte-Justine, Quebec (Canada) and in Littleton, New Hampshire (USA), to bring you the highest quality. We use the most advanced technologies throughout the process and the result is simply the best material equipment available out there.

Unbeatable quality and nothing less. This is the promise Rotobec has been delivering throughout the years wherever you are in the world. We have worked hard for you. This is why today Rotobec products are globally recognized and trusted, making us the world leader in the industry.

**We are Rotobec.**

**ALWAYS  
BE ON  
TRACK.**

# TIE BUNDLE GRAPPLES

Rail ties are the lifeblood of the railway industry. Without them, there would be no rails and no trains. Efficiently handling rail ties, both new and used, requires unique attachments designed specifically for this purpose. Our Tie Bundle Grapple is designed for handling bundles from 5 to 9 ties wide. In the mill yard, we know efficiency is key. We have designed our rail grapples so that you will never drop a rail tie thanks to our CDS technology for reliable and strong cylinders. When it comes to handling rail ties there is simply no better way than with one of our unsurpassed Tie Bundle Grapples.

**NOTHING  
ESCAPES  
US.**

**SETTING  
ONE TIE  
AT A TIME.**

# LOOSE TIE GRAPPLES

Without railroad ties, there would be no rails and no trains, they are the heart and soul of the railway industry. Efficiently handling rails and rail ties, both new and used, requires unique attachments designed specifically for this purpose. The Rotobec Loose Tie Grapple is a modified version of our Combination Grapple, used for handling ties and rail sections. The Loose Tie Grapple goes hand in hand with our Elite Loaders for maximum agility, speed, and efficiency, exactly what you need on the rail side. It can also be mounted on a larger carrier to meet all your needs. Level up your rail tie handling game with our amazing rail grapples.

## TIE BUNDLE GRAPPLES

# **WE'VE GOT YOUR BACK.**

**ROTOBEC**

# ROTOBEC

■ At Rotobec, we are not (and will never be) afraid to say it out loud: **we are the best!**

The reason is simple. Just like you, we have earned this position. And just like you, we work hard every single day to keep it. From dawn to dusk. Just like you, we know that the best things in life are tough earned.

That's why we never take anything for granted; a reputation, the number of fans on Facebook, a safe place in the industry, the trust of the dealers, the satisfaction of the customers, the comfort of the team, the perfection of a piece of equipment. It's about giving it our all and raising the bar. Doing better, pushing harder, going further.

That is how we achieve to build the most trustworthy equipment and relationships in the business. Why accept less? **You deserve what's best.** The industry deserves what's best. The world deserves what's best.

So together, let's aim higher. If it doesn't exist, we'll create it. We can do better, let's do it. When the horizon gets tough, we keep going.

**We are Rotobec!**
